Donate your old smartphone for refugees

WIR PACKEN'S AN
emergency aid for refugees

Do you have an old smartphone at home which is still working, but you don't use it anymore?

Mobile phones are essential to survive for people on the move. They help **navigate, translate, save documents** and **communicate** with NGOs, authorities and relatives.

Together with our **technical partner resist.berlin**, we collect old smartphones that will be reset and processed according to GDPR data policies. **No matter which condition – we make them work again.**

V.i.S.d.P. Wir packen's an e.V., Axel Gelfmanns Frankfurter Str. Ausbau 24, 16259 Bad Freienwalde

Please donate your old smartphone to one of our collection points or send them by parcel – if possible including charging cable.

Wir packen's an e.V.
Frankfurter Straße Ausbau 24
16259 Bad Freienwalde

We sincerely thank you!

#HangUpOnHate
