EMERGENCY AID FOR REFUGEES

# #STANDWITHREFUGEES DONATE NOW!

We provide direct emergency aid to refugees at the borders of the EU. Whether from Ukraine, Syria, Sudan, Afghanistan, Yemen, or other nations – please help us support those fleeing from war, distress, hunger, or the consequences of climate change.

What refugees urgently need now is listed here. Please donate only what is on the list, in a condition that you would also give to your friends: clean and without damage. Please do not donate broken or dirty items.

We work closely with our local partner organizations. Before each donation campaign, we thoroughly assess the needs and collect only what is currently urgently required by people on the move. This ensures that the right assistance arrives effectively and directly.

## WHY WE DO NOT SPECIFICALLY COLLECT WOMEN'S AND CHILDREN'S CLOTHING?

Women and children are also on the move. Children quickly outgrow their clothing, so we automatically receive a lot of children's clothing. We also receive women's clothing in larger quantities without having to make special requests. Therefore, our warehouses and those of our partner organizations are usually well stocked throughout the year.
